

Carer's Allowance Supplement

Carer's Allowance Supplement is an extra payment for carers in Scotland. It is paid by the Scottish Government.

It is for carers who get a full or part Carer's Allowance from the Department for Work and Pensions (DWP).

It will be paid by Social Security Scotland every 6 months. Each payment will be **£230.10**.

Payments will increase each year with inflation.

Carers who live in Scotland and get Carer's Allowance from the DWP 2 times a year will get this payment. Carers who will receive this payment will get a letter telling them about it.

Payments will be paid into the same bank or Credit Union account as their Carer's Allowance is paid into.

This will not affect any other benefit. Carers will continue to receive Carer's Allowance. This will be at the same time and rate as they do now. The payment will not be counted when clients are assessed for any other benefits.
